

Racking and Trolleys

Sturdy chrome plated racking provides a flexible solution to racking in kitchens, dry stores and many other environments.

Racking comes in a range of widths, which enable you to maximise storage space, and is simple enough for one person assembly.

Excellent stainless steel trolleys are available in two or three tier versions, and come either flat packed for economy and ease of assembly or fully welded and pre-assembled for simplicity.

*Easy flexible storage and secure,
durable trolleys*

Racking & Trolleys
