

Manual-fill Water Boilers

The ability to make tea, coffee and other beverages quickly, efficiently and economically is essential in all catering establishments. Lincat's range of manual-fill water boilers offer a full commercial specification and are ideal for the smaller caterer or for occasional use.

Lincat's manual-fill water boilers are manufactured to the highest standards using top quality components and meet the most stringent of safety standards.

Product code	Power rating	Capacity
LWB2	3kW	2 gallons / 9L

Product code	Power rating	Capacity
LWB4	3kW	4 gallons / 18L

Product code	Power rating	Capacity
