UPSTER K A modular solution – cool!

Maximum cleaning quality in a compact format: a choice of lengths gives you exactly the dishwashing capacity you need, so you avoid any unnecessary expense. Efficient heat recovery ensures better quality indoor air. And you can forget about an exhaust air connection, because this system doesn't need one! The result is ultra-low running costs – both for the machine itself and for your HVAC system. What's more, the machine is easy to operate thanks to its touch display and digital readouts. Scores highly for: intelligent dishwashing technology with the 'wow' factor!
