

Under Counter Banquet Hot

Under Counter Hot is a light weight, but robust, cart for holding and transportation of hot food with GN2/1 capacity. Detachable U-shaped runners offer safe handling, easy cleaning and optimal temperature distribution. Infinitely variable temperature setting is performed via digital displays which indicates when the selected temperature is reached. Adjustable ventilation for optimal moisture control. A ScanBox is a Scandinavian designed product made for both back and front of house, especially with the Signature option with the possibility to customize the exterior design. Convection heating is standard.

Outer Measurement

Width	740 mm
Height	808 mm
Depth	910 mm

Inner Measurement

Width	535 mm
Height	442 mm
Depth	678 mm

Capacity & Weight

Capacity	5 x 2/1GN with 80 mm distance between runners
Maximum Loading Capacity / Runner	18 kg
Net Weight	61 kg
Volume	160 liter
