

CHEFTOP MIND.MapTM

PRODUCTION KITCHEN

LONGLife4!

Spare parts 4 years / 10.000 hours optional warranty*

REPEATABILITY, PRODUCTIVITY, RELIABILITY.

The ingredients of your success.

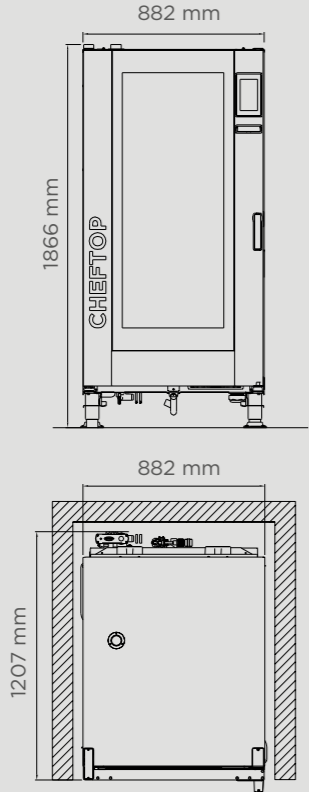

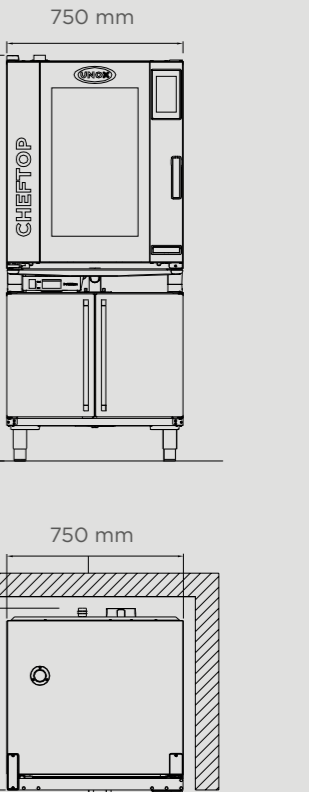

High volume and consistency. Precision and quality. Managing a production kitchen is not a job for everyone. It is crucial to know exactly what is necessary and make the best choice at the right moment, with no hesitation.

That is exactly what CHEFTOP MIND.Maps™ ovens do, thanks to the patented ADAPTIVE.Cooking™ technology that makes them intelligent. They understand the result that you have in mind, interpret your settings, register the variations of temperature and humidity, understand the quantity of food that is in the oven and optimize the cooking process to achieve exactly the results that you expect.

So you can focus on your next challenge.

PRODUCTIVITY.

UNOX Solutions for Production Kitchens.

TROLLEY OVENS.

Maximum performance, highest productivity.

In production kitchens, space and time management are crucial. CHEFTOP MIND.Maps™ is the oven that grants you the best performance with the minimum footprint. With the CHEFTOP MIND.Maps™ trolley ovens, you will maximize your productivity, optimize your working space and obtain the maximum return on your investment.

Cooking process repeatability saves time, raw materials and money, with every load condition.

CHEFTOP MIND.Maps™ is the trolley oven that gives you top performance, security and reliability along with a unique design.

LONGLife4

Unox offers you the possibility of extending the guarantee on spare parts up to 4 years or 10.000 hours on-time. This is the LONG.Life4 program, tangible proof of the quality and reliability of CHEFTOP MIND.Maps™ ovens. Activation of the LONG.Life4 guarantee is simple. You just need to connect your CHEFTOP MIND.Maps™ ONE with the dedicated kit and register it on the Unox website. The PLUS models are ready prepared for internet connection (Ethernet) and allow you to register directly from the control panel. Kits for WiFi or 3G connection are available for both models.

OPTIONALS FOR CHEFTOP MIND.Maps™ PLUS OVENS:

- Art.: XEC006 WiFi connection kit
- Art.: XEC007 3G connection kit

OPTIONALS FOR CHEFTOP MIND.Maps™ ONE OVENS:

- Art.: XEC001 Ethernet connection kit
- Art.: XEC002 WiFi connection kit
- Art.: XEC003 3G connection kit
